

It is my understanding that LPFM stations will take priority over my current FM translator service. I would be opposed to this. KLOVE radio serves me in my local community with local event coverage, and also shares the same music and programming with family and friends around the country! If I could no longer get KLOVE locally at 91.1 FM, I would not have the ministry and music of professional Christian programming. It gives my community a choice of family friendly, inspiring music and commentary. Its wholesome values have a positive and encouraging impact on my community.
